TO: Jim Yarbrough and the 1996 Paso del Norte Ozone Study TRG

FROM: Dana Coe and Paul Roberts

SUBJECT: Corrections to the Final Report, "Summary of Measurements Obtained during the 1996 Paso Del Norte Ozone Study," dated September 1996.

Please find attached several revised pages for insert to your original copies of the Final Report. The revised pages are meant to supersede the corresponding pages in the September 1996 version. Please remove the old pages and replace them with those attached.

The revisions reflect corrections to minor errors and information which became available since the September 1996 version was released. Changes to the original are marked with a vertical line in the right-hand margin, insertions are underlined, and deletions are marked with a strikethrough line.
